

30-minute Meters Proposed At City Hall

**Council Plans To Spend
\$5250 On 35-Foot Tract
To Widen Washab Avenue**

A shorter, 30-minute parking limit at meters along the city hall was proposed during Monday night's abbreviated meeting of the city council. The members also indicated a battle might ensue when a resolution is submitted to spend \$5250 to buy a 35-foot strip of ground along Washab Avenue between Pontion road and Amos Avenue.

Alderman Charles Meyer proposed the reduction of parking time for meters at the city hall explaining he had been getting complaints.

"People have business to transact in the city hall and can't find a parking space for blocks. If we cut the parking time from the present 30 minutes to 20 minutes, the problem should be solved," Meyer said.

Extent of Proposed Zone

He explained it might be necessary to get new mechanisms for the meters. He suggested the 30-minute meters extend along the city hall side of Niedringhaus Avenue from the alley between the Elks Club and the city hall to Edison Avenue, and along Edison Avenue north to the alley at the rear of the city hall.

The council authorized preparation of an amendment to the parking meter ordinance. Purchase of the 35x35-foot tract on the west side of Washab Avenue between Pontion road and Amos Avenue was proposed by Alderman Frank Vesic. This has been under consideration since January, and now someone is interested in buying the larger tract. Vesic told the council.

He said the cost would be \$5250 for the strip, and that he had asked the owners, Mrs. Virgil Spalding and Mrs. Carolyn Stearns, to give consideration to the city for the small portion in order to eliminate a jag in Washab street. Vesic stressed the purchase would be a safety precaution.

6% Interest For 3 Years

He explained the city could buy it over a period of three years with 6% interest or could make a lump sum purchase. He recommended full payment to save the interest cost.

Several aldermen pointed out the city's economy program and that the purchase had not been included in the budget.

When it appeared that Vesic's motion for preparation of a purchase resolution might be stalled, Alderman Rufus LeMaster, who was presiding in Mayor Davis' absence, urged action.

He stressed the city could lose the tract to another buyer. "Let 'em have it. We don't want the money," Alderman Samuel Whitmer remarked.

However, on the roll call vote, only Whitmer and Alderman Mrs. Gabrielle Betine voted against preparation of the resolution. Aldermen Walter Nann and Estlin Von Schmidth were absent.

Mayor Davis had no action in the city hall by letter he was entering Jewish Hospital, St. Louis, for a physical examination.

The new building is to be placed on the city-owned block, the north end of which has been leased by the Post Office Department. It is to be designed to complement the city's modernization program.

The structure, which is to replace the outmoded downtown post office, will contain 15,000 square feet of floor space and will have a 2600 square foot platform and 38,200 square feet of parking space.

Five lease bids were received.

ICC Hearings Are Postponed Again

Continuances were announced yesterday in two Illinois Commerce Commission cases affecting the Quad-Cities. Both had been scheduled to be heard yesterday.

The action by the city of Granite City against Illinois Terminal Railroad to obtain removal of street car tracks, postponed April 26 to Sept. 5, then postponed again until this week, was re-set for Tuesday, Oct. 2.

The latest postponement was requested on the part of the railroad. Another in a series of postponements on the Venice railroad crossing issue was announced, this time until Dec. 5.

Railroads involved are the New York Central, Washab, and Gulf, Mobile and Ohio. Proposals include permanent closure of the Main street crossing and reduction in watchmen at the Kerr street crossing. Opposition is being led by the city of Venice.

Election Statement— 'Here Are The Facts'

**Citizens Report On
Pollution-Drainage
Issues To Be Decided**

"Here are the facts," the Citizens' Committee said today in releasing a report on the issues which have developed as the Oct. 3 pollution-drainage election draws near.

"It is important that all vote, and that all have full realization of what is to be decided," the committee spokesman commented. Citing increasing activity by Levee Board-leaning politicians, he warned against being hoodwinked by the politicians' growing propaganda barrage aimed at creating confusion and misunderstanding.

"A basic point is that the \$3.25 monthly charge cannot be compared with \$4.00, but with the prospect of \$4.00 or more—immediately for much of the city and even more than that amount in the rest of the city very soon.

"The Levee Board procedure would mean people would be asked to pay anywhere from \$1 to \$1.25 or \$1.80, based on various estimates. The city would then pay the rest of the bill. The total payment would be more than \$4.00, by voting 'Yes' Oct. 3; if the vote is 'Yes,' their total payment will be only \$3.25, due to the present \$2.50 being absorbed and eliminated.

"The Levee Board plan would provide absolutely nothing except river purification, and that in a costly, inefficient way. It would do nothing at all to the basement back-ups, flooding of streets and the serious health hazard of raw sewage overflowing yards, streets and ditches.

More For Less

"It is clear that a 'Yes' vote will mean a big saving in money. A 'No' vote will mean less value for more money. And, never get another chance to get this bargain if we fail the first time.

"Unless we vote to do this the city will be ineptly managed. We will find orders issued and the charge placed against us whether we like it or not. We won't get a chance to vote on the monthly Levee Board fee, and we will have absolutely no say about how much they charge or how they run the sewage treatment plant.

"Instead of new plants being approved for sewage treatment from major local jobs and easing of the tax burden, orders from downtown could result in industries winding up in East St. Louis.

Lines Made Effective

"There is another vital point that affects the Nameoki area. For a \$3.25 total, with a 'Yes' vote, present, drainage lines would be made to work properly, through being linked to a citywide two-pipe system instead of the present obsolete one-pipe Granite City system. With a 'No' vote, for \$1 to \$1.80 added to a minimum monthly bill of \$3.50 to \$4.30, there would be river purification only, with the drainage lines remaining ineffective.

"In the rest of the city, the choice is to permanently solve all pollution-drainage back-up problems for \$3.25, or to pay \$1, \$1.25 or \$1.80 for river purification and quickly add \$3 or so (Continued on Page 3, Col. 6)

Council Accepts Bid For Work On Myrtle Avenue

Acceptance of a low bid by G. H. Sternberg & Co. for a two-block improvement project for Myrtle avenue was voted Monday night by Granite City council members.

The \$13,983 bid is subject to approval by the state highway department since the project is to be carried out with motor fuel tax funds. Other bidders were General Contracting Co., \$17,800, and A. H. Seebold Co., \$17,714. The improvement is to be between Faith and Leonard avenues.

Authorization was given to call for bids on two other motor fuel tax street projects for which plans have been approved by the state. They include Faith avenue from Nameoki road to Marshall avenue and along Marshall avenue from Victory drive to Faith avenue.

Paving To Be Banned

The state highway department is requiring the city to prohibit parking on one side of Faith avenue, and an ordinance is to be prepared. Sixth Ward Aldermen Chas. Skubish and Samuel Shackelford said they would advise City Atty. John Gitchett of the no-parking design before he prepares the ordinance. Copies of it are to be forwarded to the state highway department.

In awarding the street contract to G. H. Sternberg Co., several aldermen commented on the summons from the firm which was read to the council earlier in the meeting. The firm has filed a lawsuit against the city seeking payment of \$7500, which it says is due on the 19th street improvement projects. The firm claims the city—furnished specifications were in error, resulting in the need for additional materials, the firm alleges.

Driveway Work

Permission was granted Tom Studebaker Construction Co. to revamp the Niedringhaus avenue and Grand avenue driveways at Mercer Funeral Home, where a new chapel and added garage facilities are to be erected.

Another ordinance was authorized to establish a no-parking zone in front of the Bellemeor Medical Center along 311 avenue. The parking ban is to extend the full length of the building. A parking lot adjacent to the center.

Referred to the Finance committee was a request from the Laborers Local for a pay increase to be given to Donald Mayberry, a part-time street department employee, who was excluded last year.

Insured Responsible For Rate Structure

Every property owner and motorist can "cast a vote" for lower fire and casualty insurance rates, Robert F. Fitch, St. Louis insurer, told the Granite City Rotary Club at its weekly luncheon meeting Tuesday at the YMCA.

Another people think they have no voice in their insurance rates, but it is on the part performance of the insured that rates are based," Fitch pointed out. "This means simply that reduction of fire hazards and maximum firefighting efficiency; careful driving, safety programs and effective police enforcement of traffic laws, is bound to bring down insurance rates."

Al Gehlert, local insurance agent, was program chairman and introduced the speaker.

President Gerald Brodsky announced that B. E. Moody will again be host to the club members at an outdoor barbecue at his country home on Troy road on Wednesday, Sept. 26, starting at 3 p.m. There will be horseshoe, ball games and horseshoes for entertainment.

G. W. Hoelscher, chairman of the Citizens Sewer and Drainage Committee, informed the club plans are being made for a motorized parade at 6:30 p.m. Monday, Oct. 1, on the eve of the city's \$10 million drainage-pollution bond election. Many Rotarians volunteered to participate in the parade, which will assemble outside the Granite City high school gymnasium.

Fire Causes \$7000 Damage To House On Vincent Ave.

A short circuit in the wiring of the garage of Mr. and Mrs. Ernest Grammer, 4712 Vincent avenue was blamed for the fire that resulted in \$7000 damage early Wednesday morning.

Mrs. Grammer was awakened about 3 a.m. by smoke. A smoldering fire was discovered in the garage which is attached to the one-story cottage.

Mr. and Mrs. Grammer and their son, Larry, 22, a college student, were at home at the time.

Firemen estimated the damage at \$4000 to the building and \$3000 to the contents. They found the fire had spread from the garage to the attic of the home.

The family auto was in the garage at the time and the paint finish was ruined. Furnishings were damaged by smoke and water and the entire interior of the home will require redecorating.

Break In Main Sends Water 40 Feet In Air

A break in a six-inch water main under Joy avenue between Aubrey and Wayne avenues occurred about 12:30 p.m. yesterday, sending a stream of water 40 or more feet into the air.

The break occurred at an excavation in the street where a sanitary sewer line is being replaced.

The water was shooting through power wires and an Illinois Power Co. crew stood by while workmen from East St. Louis & Interurban Water Co. made the repairs. A square block area of homes without water about three hours while repairs were made.

A spokesman for the water company was unable to say how much water was lost. He said a hole about two inches in diameter was found in the pipe.

Family Farms

(Continued from Page 1)

20% or less of the surplus crop, and collect just 15% of the price support money."

Hall stressed these were the family-type farms turning out diversified crops. He added that several proposed farm programs are for "tossing all farms up for grabs, leaving it to the farmer to grab the pieces to survive."

Question Of Efficiency
In describing bigness or factory-type farms, Hall said they have been termed the most efficient. He added that university surveys show the family-type farms to be the most efficient and that the large-scale farmer's efficiency is supported by the tax dollar. "I've seen millions of bales of surplus, price-supported cotton stacked at the glass. And they'll stay there until they rot away."

He said the giant farms are turning millions of acres of prime farmland into desert, and that the nation's precious resources of the soil are being washed to sea, never to be recovered.

Touching briefly on farm organizations, Hall said several are available, all with different views. "Some cause problems. Agriculture is widely misunderstood by most Americans. And even some farmers are confused."

Danger Signals
"If we wipe out the true family farms, the danger signals will be waving for Democracy."

Hall was introduced by Howard Kaesberg, chairman of the C. of C. Agriculture committee. He and Mrs. Kaesberg were seated at the head table along with Mr. and Mrs. Hall, County Farm Advisor Truman W. May and Mrs. May, State Rep. and Mrs. Lloyd "Curly" Hart, State Rep. and Mrs. Paul Simon, State Rep. and Mrs. Ralph T. Smith, Rev. and Mrs. Paul Surber and Paul H. Lichtenberger, C. of C. president.

Entertainment was provided by the Latin American Ensemble of Coolidge Junior high school, directed by Robert D. Todoroff. W. L. Jackson, John played the organ for dinner music, and the chicken dinner was served by the Edwina Guild of Christ.

SIU Campus Area Zoning Asked By Rep. Ralph Smith

(Continued from Page 1)

Rep. Ralph T. Smith, Alton, said yesterday he believes the Madison county board of supervisors should zone the area adjacent to the Southern Illinois University campus without county-wide zoning.

"I see no reason why the board can't pass an ordinance establishing zoning regulations for any given part of the county, as well as for the entire county area," Smith said.

Immediate concern over the proposed county zoning plan has been expressed since the SIU board of trustees meeting at Carbondale last week said they will hold up construction at the campus until satisfactory zoning regulations are established.

Harold R. Fischer of Granite City, a member of the board, said the county zoning of the campus area or annexation and subsequent zoning protection by the city of Edwardsville would be satisfactory.

Rep. Smith said the county board should look into the possibility of such zoning, or at least seek an opinion from the state's attorney's office.

He said he is also considering introducing a measure in the state legislature which would enable townships to pass zoning laws of their own. Earliest date such legislation could become effective, however, is next July 1.

Rep. Smith said he has no idea what the chances for passage of such a proposal are, but sees no reason for wide-spread assumption.

"If a township wants to assume zoning responsibility," he said, "it should have the ability to do so. It should be able to pass a zoning ordinance which would require a referendum."

30-Minute Meters

(Continued from Page 1)

Members heard Alderman Ford Johnson report that his fire committee is to meet Sept. 26 with the Granite City park district board on location of a new West Granite fire station in Triangle Park.

A recommendation by Alderman Parney for the street department to resume operation of the catch basin cleaner to reduce street odors was referred to committee.

Rejected was a motion by Alderman Vesce to permit Grady and Dorothy White, 1362 Norwood drive, outside the city limits, to connect onto the Nadeau sanitary sewer system.

Alderman Whitmer said one such request has "slipped through the council several weeks ago, but it isn't going to happen again. We have an ordinance prohibiting out-of-town tap-ans and we should either follow the ordinance or repeal it," Whitmer remarked.

Alderman LeMaster, who is chairman of the Sanitation committee, said the committee has not yet met on the sale of the remaining sanitation department trucks. "We're still trying to get better prices," he said.

Christ Will Begin Series With Bible
A special group of four programs on the subject "Should Religion Help?" will be broadcast over the local radio station beginning Sunday, Sept. 23, at 9:30 a.m. as a part of the Christ Science radio series, "The Bible Speaks To You."

A number of recent Protestant church reports discuss healing will be quoted on the program. Each 15-minute broadcast takes up different questions, such as: How do these healings take place? Are they a part of religion? Are they a proper part of religion? How do they fit into the larger, deeper purposes of Christianity? How much can this kind of healing be relied upon? Exactly how does it differ from other kinds of healing? What is its real significance in the world today?

The program will be broadcast on four successive Sundays beginning next Sunday and ending Oct. 14. They are produced by The First Church of Christ, Scientist, in Boston, Mass., of which First Church at 2560 Delmar avenue, is a branch.

MORE ABOUT 100,000 Expected

(Continued from Page 1)

High Band Parents Association will have an ice cream, coffee and milk concession; and the Long Lake fire department Boy Scout troop will sell popcorn.

St. Elizabeth Hospital will have nurses and hospital supplies on hand at the field and five local ambulance services will have vehicles there. A Granite City automobile dealer will provide the transportation for the Blue Angels.

The Blue Angels all were enlisted men before becoming pilots and the Chuting Stars all are enlisted men except the pilots.

There also will be displays of missiles and other equipment. The National Guard from Jefferson Barracks and Scott AFB will provide some of the display equipment.

Other attractions include Capt. Dick Schram, a Navy aviator, who puts on a comedy act in a light aircraft as the "Flying Professor" and Jack Bettig of Village, Bettig is chief pilot for a local crop dusting concern. He will demonstrate crop dusting techniques, flying only two feet above the ground.

The Blue Angels execute precision techniques at low level. They have performed all over the nation before millions of people. Last week they performed for President Kennedy on the east coast.

Included in their maneuvers are passes at 1200 miles per hour with minimum separation, the diamond roll, left echelon roll, diamond loop, three in one, reverse echelon roll, figure 8, four-point roll, knife edge, back-to-back and horizontal roll. The Angels fly Grumman F11F-1 Tiger supersonic jets.

The Chuting Stars bail out from 12500 feet and fall for 12 miles trailing red, white, blue and gold smoke. On opening their parachutes, they perform acrobatics, criss-crossing and passing batons in mid-air. There are 19 men on the team, of which it is expected 15 will jump.

Cause Of Madison Home Fire Is Being Sought
An investigation is being conducted by Madison firemen to determine the cause of a fire occurring at 7:50 p.m. Tuesday at a two-family dwelling owned by Mr. and Mrs. Walter Balthart at 1104 Greenwood street.

No one was home at the time of the blaze, thought to have done about \$1500 damage to the building. There was slight water damage to the contents.

The fire originated in the basement and followed a wall separating the two apartments, eventually reaching the attic of the one-story frame building.

Homecoming Plans, Dances, Other Events Begin Quad-City Students' School Year

MISS TERESA GRIFFITH, 1962 Granite City high school May Queen, who will crown the new Harvest Queen during Homecoming week activities beginning Oct. 22.

(Editor's Note: Today marks the beginning of a new Press-Record feature—a news section devoted exclusively to interests of Quad-Cities youth. In the future, such news will be featured in each Thursday issue. Michael Lopez, a Venice high school student, has been named correspondent for the Venice community, with Granite City and Madison correspondents to be named this week.)

Homecoming Theme Set

"Round the World" will be the theme of 1962 Homecoming week activities at Granite City high school, with events to begin Oct. 22. Week-long activities will be climaxed by the GCHS-Edwardsville football game and Homecoming dance.

Events preceding the gridiron clash between the Happy Warriors and Tigers of Edwardsville begin with a Monday grade school matinee of the Homecoming play, "Pygmalion."

Class skits written by members of Masque & Gavel will be presented on Tuesday. The spirited Homecoming parade and pep rally also are scheduled for Tuesday, Oct. 23.

Opening night presentation of "Pygmalion" is planned for Wednesday, to be followed by coronation of the 1962 Harvest Queen. The queen crowning is an annual event with identity of the chosen candidate kept secret until moment of coronation.

The new Harvest Queen will be crowned by Miss Teresa Griffith, who was named May Queen last spring. The new queen will succeed Miss Janet Crabtree, Harvest Queen of 1961.

The Alumni banquet and other special Homecoming week events will also be scheduled during the week.

Planning committee chairman are as follows:

Opening assembly and matinee, Bob Butler; parade and rally, Ken Roney and Bill Liernan; souvenirs, Sheryl Glazik; play, David Keltner; advertising, Ann Johnson; dances, Kathy Oros; cake sale, Sally Steib; program, Pam Bradley; pep program, and escorts, Karen Darr.

Student tickets are available at both high schools, and adult tickets (\$1) are on sale to residents of both communities at the Madison high school office. Some 3000-plus fans are expected in Madison for the game.

Members of the Granite City high school Girls' Athletic Association are making plans for a GAA workshop at Mattoon High school and Saturday, Sept. 29-30.

A panel of high school and college students will discuss the role of youth in the community tomorrow night at the YMCA, with Dr. Kurt Glaser of Southern Illinois University to answer questions from the panel and from the audience.

Sponsored by the Granite City Civic League, the program is set for 7:30 p.m. The public is invited to attend, with a social hour featuring refreshments and dancing to follow the discussion.

Panel moderator will be Jeff Chaboudie, SIU. Members of the panel will be Norman Kinder Jr., St. Louis University; Pat Schmitt, SIU; and Norma Riverburgh and Kathy Oros, Granite City high school.

Venice Notes

By Michael Lopez

Venice high school students are beginning the year with a "Back to School Blues" dance on Tuesday night, sponsored by the Senior class. Beginning at 7 p.m., it is the first school dance of the year.

Panel moderator will be Jeff Chaboudie, SIU. Members of the panel will be Norman Kinder Jr., St. Louis University; Pat Schmitt, SIU; and Norma Riverburgh and Kathy Oros, Granite City high school.

Members of the Venice high school publication class met their first deadline last week when they published the initial issue of the semi-monthly student newspaper.

Jeannette Gontferrer is editor, with a staff of 11. On the staff are Wanda Allison, Sharon Frawley, Gloria Ponce, Mary Lou Sharro, Mike Lopez, Judy Johnnie, Nancy Scaturro, Marjorie Fritter, Johnny Robertson, Linda Campbell and Shirley Johnson.

Coe-ditors of the 1963 yearbook, the "Venetian," are Mike Lopez and Mike Lopez. Miss Ponce will take care of the management while Lopez handles the photography.

About 150 students were "shot" yesterday when a photographer took pictures of all Venice high and grade school students in a four-hour session. Senior pictures were taken in a studio this week, while the underclass photos were taken at school.

Venice seniors spent a home room period Tuesday and another today looking at class rings. Final choices will be made at a later date.

Sale of the 1963 "Venetian" will start tomorrow and run through Oct. 5, the yearbook staff has announced. Price is the same as last year, \$3.50. Actual cost of publication is approximately \$3. A book. Anyone desiring to purchase an-

Jaycees Hear Doctor, Plan Joint Committee

Granite City Jaycees moved for the establishment of a joint operating committee of Jaycees and St. Elizabeth Hospital staff doctors last night after hearing Dr. Melvin Freedman discuss hospital problems, especially those in connection with the hospital's emergency room.

Dr. Freedman discussed the legal and ethical aspects of emergency room treatment at the hospital. The planned joint committee would work toward several aims, one of which would be the securing of a house doctor for the hospital, according to Jaycees President Alvin Barnes III.

Grad Krause was dinner chairman for Wednesday's meeting, which was held at the Rose Bowl restaurant. Named as "Jaycees" of the Month" were Morris Miles, who was chairman of the Miss Majorette of Illinois contest; and Joseph Hassler, who was chairman of the Madison county sequen-

cial music contest kickoff at the YMCA in August.

The Jaycees plan a fund-raising pancake brunch on Nov. 3 with a site yet to be selected. Miles will be event chairman.

Crosswalk Accident

Two autos sustained minor damage at 3:35 p.m. Wednesday at Nameki road and Jill avenue. Police said one vehicle stopped to let school children cross, and Esther Kaiser, 44, of 1613 Garfield avenue, backed over the crosswalk into an auto driven by Gene Bewley, 32, of 2432 Terminal avenue. Bumpers of both autos were damaged.

Initial meeting of the student newspaper staff was held last night, with plans discussed for the first issue to come out about Oct. 15. The paper is published once each six week period under the direction of Miss Mae Waters.

The freshman class at Madison high school tops all others again this year, with 232 students enrolled. Sophomores are next in line with an enrollment of 182. There are 141 juniors and 116 seniors, for a total enrollment of 671.

Miss Susan Dittman, school nurse, reports that Madison students to receive vision screening during the school year will include all members of the ninth and twelfth grades, as well as students in lower grades. She said any student referred by a teacher will be screened, regardless of class.

Writes Arthur Christie, Madison school social worker: "Teachers must be a special kind of people. They don't forget the trials and tribulations of the previous year. One finds them looking forward to another school year with anticipation and enthusiasm. Learning to be a most exciting venture which should appeal to every growing child. This is properly the secret force which motivates each teacher to continue in their honorable profession."

Police Clear Thefts With Arrests, Charges

Mrs. George Hoover, operator of the Speedy Wash laundromat, 2011 Rock road, reported to police at noon Wednesday that two men were slugging the coin changer. A check of the machines resulted in 16 slugs being found. The laundromat has been subjected to slugging of its machines several times in the past few weeks.

Police arrested Gerald Myatt, 23, of 1723 Rhodes street, Madison, and Jack McLean, 22, of 2656 Center street, and charged them with theft. They pleaded not guilty this morning and were released on \$500 property bond each by Magistrate Gasparovic.

Soldier Fined \$150
Joseph O'Shea, 19, of Granite City Army Depot, was fined \$150 and costs Monday by Police Magistrate Gasparovic. One hundred dollars of the fine was suspended and the soldier was released to his company commander.

O'Shea was arrested at 2:15 a.m. Monday and charged with criminal trespass to an automobile. A depot guard reported to police that someone was looking into autos parked near the gate.

Police apprehended O'Shea with a flashlight and pouch containing personal papers of Raymond Beccera, of 1724 Poplar street. The auto was parked outside the owner's home and police said the soldier was ransacking it when they arrived.

Claude Day, 37, of 2810 Pershing avenue, was arrested Tuesday night on a charge of theft of a diamond ring valued at \$150. The warrant was signed

by Kenneth S. Hartbarger, 2902 Pershing. Day was turned over to the Madison county sheriff's office by Granite City police. The theft allegedly took place Sept. 9.

Theft of a 538 Illinois public aid check from the mailbox of Dimple Alexander, 1033 Douglas street, Venice, was solved within an hour Tuesday afternoon, it was learned from Venice police, who recovered the check.

Statements were taken here yesterday by a postal inspector, who said he will file a charge against a Venice youth.

Youth Fined
Berle Travis, 17, of 1734 Cleveland blvd., and William Hoke, 17, of 1628 Cleveland blvd., were fined \$150 each by Police Magistrate Gasparovic Wednesday when they pleaded guilty of theft. Police said they stole about \$25 from Lida's Drug store, 2101 Delmar avenue Tuesday night when the attendant went into the back of the store.

Trojans Are Hosts For Traditional Meeting Between Inter-City Rivals

Madison, which has not beaten Granite City on the football field since Iowa University All-American Larry Ferguson ripped off four touchdown runs in a 24-7 Trojan romp in September 1957, hosts the Warriors tomorrow night as the cross-town prep series resumes at 8 o'clock.

By all advance indications, including the pre-game statements of opposing coaches Al Lewis of Granite City and Glen Pickering of Madison, tomorrow's meeting should be a dandy. A capacity crowd of 3500 is expected at kickoff time.

One game does not make a season, to paraphrase an old saying about swallows and summers; a recent GCHS victory over Madison was the only Warrior win all year and, a still more recent Trojan loss (7-0 in 1961) was the only black mark on a 6-1-1 Madison season slate.

But it is no secret that both schools attach more than average importance to the contest which, for the first time in several seasons, will not be played for the benefit of the Shriner's crippled children fund this fall. The Shrine benefit game will match Madison and Roxana on Oct. 19.

Close Since '57 Since Ferguson led Madison to a victory in 1957, each meeting between the two schools has been decided by a touchdown—or less. Friday's opponents played to a scoreless tie in several seasons, but when three members of the GCHS squad came up with twisted ankles as they stepped in depressions on the practice field, Lewis called a quick halt to wind sprints and sent the team to the dressing room for an early shower.

Ron Yates, Larry Curry and Bob Pyle were the hobbled players, and Pyle, Gary Rless, Jesse Wise and Curry also have been fighting with influenza this week, Lewis said.

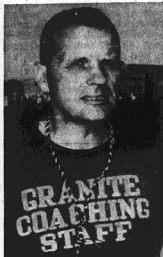

Undeclared QB "I still haven't made up my mind on who will start at quarterback for us Friday," Lewis said this morning. Wednesday he had listed Bill Lierman as his No. 1 choice, but Larry Noblin, who called signals in the 13-12 win over Assumption last Friday, could get first call Friday. Lierman is listed as a halfback on the Warrior roster and was confined mostly to a punt-throwing role in the first game.

Other offensive changes planned by Lewis include moving Jimmy Parker, Mike Rousseau, John Love, Jerry Nelson and Ricky Reutebuch to the line.

Pickering agreed with Lewis on at least one point. "Spirit will have a lot to do with the

Warriors this week after sitting out the first game with injuries. Part of a speedy injury recovery was out with a suspected concussion, is not slated to start Friday, but will see "spot action," Lewis said.

Pickering plans only one change Friday, and said he will move Don Broyles into the offensive unit at wingback. Both clubs use the wing-T and variations as their principal offenses.

Flyers Stop GC Thinclads Tuesday, 18-38

East St. Louis stopped an improving Granite City high school cross-country team here Tuesday afternoon, 18-38 (low score wins), with Leon Neely of the Flyers winning individual honors with a 10:26 clocking over the mile and 9/10ths course at GCHS.

Coach Dick Harmon had four runners among the first 10 finishers, and five cracked the 11-minute barrier.

Pat Harris was third in 10:42, Gene Sternberg seventh in 10:47, Pat Kincaid eighth in 10:47, Gary Lomax ninth in 10:50 and Bob Strouse 11th in 10:58.

Larry Tolbert was 12th, Dan Hardesty 13th, Tom Vassileff 14th, Larry Grooms 15th, Brian Waggoner 17th, Mike Nichols 18th, Bill Sternberg 21st and Mike Lassiter 22nd.

East St. Louis also won the junior varsity portion of the dual meet over the same course, with Harold Rose of the Flyers first in 11:10. John Bull of GCHS was fourth in 11:20, Dan King fifth, Joe Fanning sixth, Kelly Hogan seventh, Larry Reader ninth and Bob Frohman 11th.

The first five placers for the Warriors all showed big improvements over time trials run here last week. Tuesday's match with East St. Louis was the first home meet of the fall.

Edwardsville, which defeated East St. Louis last week, will run against the Warriors here tomorrow at 4 p.m. Harmon's team is 1-1 in dual meet competition for 1962.

EHS Harriers Jog Past Trojans, LHS

The powerful Edwardsville Trojans served early notice that they are looking forward to a straight trip to the Illinois high school state cross-country finals by overwhelming Madison and Lincoln of East St. Louis in a triangular meet Tuesday in Edwardsville.

Ken Freeland's squad swept the first eight places in a 1.92-mile run over the tough Legion Park course, with Tiger Ken Cassens taking the No. 1 spot in 10:14. Edwardsville totaled 15 points, Madison 64 and Lincoln 84.

The first finisher for Madison was Cecil Bell, who was ninth. Ollie Wright was 10th, John Summers 13th, Edwood Beserman 15th and Tai Pisk 17th. Coach Earl McClanahan's squad, Edwardsville also won the junior varsity run over the same course with a low point total of 20. Madison was second (73) and Lincoln third (78). Steve Pruth was the individual winner for the Tigers in 11:24. The Tiger javvies took 10 of the 12 places. Madison's top JV finisher was fifth place Victor McGlaughlin.

The Trojans run at home Tuesday afternoon against Midwest conference opponent Bethalto. The remaining MHS cross-country schedule:

Sept. 25—Bethalto, home, 4 Oct. 1—at Triad, 4 Oct. 8—Triad Invitational, 4 Oct. 8—Waterloo, home, 4 Oct. 18—at Roxana, 4 Oct. 25—Conference meet at Roxana, 4

Triad's Giger Fires No-Hit Game At VHS

Left-hander Gary Giger threw a no-hitter at Venice high school Tuesday as the Triad Knights blanked the Red Devils at Lee Park, 6-0.

Giger, who pitched a one-hitter in beating Lebanon last week, allowed just five batters in beating the Devils in their 1962 opener. Venice had been scheduled to open with Aviston in a Friday, but the game was rained out and has been reset for Oct. 8 in Aviston.

Pete Fields pitched creditable baseball for Venice, allowing six hits, but eight walks got him into hot water in the first and third innings.

Triad scored all of its runs after two were out, and all were unearned.

A walk and error in the first set the stage for Mike Seman's two-run double, and three walks, an error, stolen base, wild pitch, single and triple by the visitors played four more runs in the third.

Venice plays Weeslin at Lee Park tomorrow at 4 p.m., and meets Wodn in another MCM conference game on Sept. 25 before beginning a three-game road stand at Fairview, Mo., on Sept. 27.

The Quad-City Business and Professional Women's Club opened the fall and winter season with a dinner meeting last night at the YMCA.

Mrs. Vernice Wortman, the newly-elected president, was in charge. The theme this year will be "Phases of Leadership, A Dimension in Democracy."

200 At Nameoki PTA Hear Talk On Bond Issue

Approximately 200 persons attended the first 1962-63 meeting of the Nameoki PTA Tuesday evening in the gymnasium of the grade school and heard G. W. Hoelscher, Citizens' Committee chairman, explain the Oct. 2 sewer bond issue election.

Joe Hassler, president, opened the meeting with reading of the PTA prayer. Reports of the May meeting were given by Mrs. Evelyn Cross and Edward Larson, and Lurtz presented the budget for the coming year.

Mrs. Wilma McQuinn, ways and means chairman, announced plans of the PTA for money-raising projects and said the first major project will begin immediately. This will be an annual magazine sale by fifth and sixth grade students, with Mrs. Mabel Gerth as chairman.

Candy sales are planned for November for third and fourth grade students, and Mrs. Twyla McKinney will be chairman. Mrs. Millie Sortor and Fred Reichenberger are co-chairmen of a fish fry Oct. 15, first project of the adults. In the early part of the spring semester, the annual basketball bazaar will be held, with Mrs. Alma Cowan and Roland Coleman in charge.

In his talk on the sewer project, Hoelscher gave the background of the Citizens' Sewer and Drainage Committee study and said the committee has been working on the all-important financial project for over three years.

He explained the vital need for a favorable vote in the election, reporting facts outlined in a brochure prepared by the committee. A question-and-answer period followed his talk. Hoelscher explained that the state and federal government have demanded a sewage treatment plant for purifying sewage before it reaches the river. It will be more economical to have two pipes, one carrying nothing but storm water which needs no purifying and one carrying sewage which must be purified, he explained.

If the bond issue should fail, the state will force construction of the sewage treatment plant and the people will have to pay for it, anyway. Then in a short time, the citizens will realize that purifying and one carrying sewage and then will have another bill to pay on top of the first one, he asserted. By passing the bond issue now, the public can have the two combined at a lower fee and will derive the benefits sooner, he concluded.

The teachers were introduced by Donald Kopp, newly-appointed principal. Kopp announced that this year the school board are not only in the main school building and the Nameoki Presbyterian Church but also in Emmanuel Baptist Church.

Later, the parents made a short tour of the classrooms and had an opportunity to meet their children's teachers and to arrange conferences for later dates.

Refreshments were served in the cafeteria by members of the hospitality committee.

Suit Filed Over Auto Claimed After Raffle

A suit has been filed in Madison county circuit court against Albert G. Yearman, Venice, by an O'Fallon auto dealer who seeks return of an auto given away in a recent raffle.

The raffle suit, filed on behalf of Arthur J. Huller, claims that Yearman is not legally entitled to the auto since he was not actual purchaser of the winning raffle ticket.

The ticket was said to have been purchased by a relative of Yearman, who has since demanded the auto from the dealer. Huller said Yearman presented the stub of the winning ticket and the title of the 1962 auto was signed over to him. He claims Yearman secured the vehicle through "misrepresentation."

A raffle is considered a lottery, any form of which is illegal under Illinois law. The question has thus arisen at the court as to whether anyone legally is entitled to the auto won in such manner.

Huller seeks return of the vehicle or \$3000 damages. He said the auto was sold to the O'Fallon Knights of Columbus, and was given away at their annual picnic.

Boelling Studying To Instruct Handicapped George T. Wilkins, state superintendent of public instruction, this week announced that Darryl W. Boelling, a graduate of Granite City high school, has been awarded a scholarship to prepare for the teaching of handicapped children.

A candidate must be a graduate of an accredited high school during the present year and submit a formal application indicating he plans to teach handicapped children following graduation from one of six state universities.

The new amendment to the Illinois Scholarship Law is in addition to regular four-year teaching training scholarships presented annually to high school graduates who must have graduated in the upper half of their classes. Boelling will be entitled to instruction, matriculation, graduation, tuition and activity fees in the teacher education program.

CLUB WOMEN ATTEND WORKSHOP
Mrs. Roy Wilimzig and Mrs. Leo Schermer, representing the Namekiki Women's Club, attended a workshop on the youth program of the Illinois Federation of Women's Clubs at Pere Marquette State Park on Monday.

More than 100 women, representing the many federated Women's Clubs throughout Illinois, heard a talk by the first vice-president, Mrs. James M. Segraves of Belleville, on the importance of the federation's youth program in "strengthening the arm of liberty through knowledge for youth, faith in youth, and service to youth."

The workshop was conducted and addressed by the chairman of the three departments on youth activities—Mrs. Guy S. Little on the Puerto Rican Community Center, Chicago, where Spanish speaking American citizens are taught English and good American citizenship; Mrs. H. H. Graffmiller on Lincoln Lodge, Boys Town of Illinois, near Grafton, where 14 boys, ages eight to 17, from broken and unfit homes live as a family and go to school; and Mrs. C. A. Handrickson on the Park Ridge School for Girls where 50 girls, ages 13 to 18, who have been deprived of a normal parental home, live and are schooled. The Illinois Federation of Women's Clubs supports one of the cottages accommodating 10 girls plus the house parents, as well as supporting the other two projects.

After a luncheon in the lodge dining room, the women were addressed by the State President, Mrs. Vernon E. Barnes of Rushville, who also stressed the importance of continuing to help the many children in need of assistance through no fault of their own.

The women then toured the Lincoln Lodge of Boys Town which they built in 1950 and continue to support; and also visited the buildings being used by the Illinois Youth Commission in setting up a girls' camp for boys up to age 18 who need special help in becoming good citizens.

Homemade cake and ice cream was served to approximately 25 and there were games with prizes going to the winners, among them the following from the Quad-City area: Mrs. Ann Fritchard, John Fubisher, Robert Roberts, Gerald Stucke and Mr. Cross.

The Eaglelake kitchen hand has been invited to present a program at the next party at the Sanatorium.

Bridge Earnings Down For Year, Madison Reports

The city of Madison's Chain of Rocks bridge netted \$390,387 for the fiscal year that ended April 30, it was reported Tuesday night. Mayor Stephen Mason reviewed the bridge earnings report at the meeting of the city council.

The bridge netted \$73,669 less than during the previous fiscal year. Relocation of highways, detours and play-back rail service for transport trucks were among the reasons he outlined for the decline in revenue. He said the situation is not likely to improve since a new free federal bridge is due to open nearby in 1965.

The report showed total tolls of \$644,968, down \$87,780. The breakdown of tolls was: cash \$454,384, down \$56,500; tickets \$134,850, down \$25,579; and change \$55,730, down \$5,642.

Other income included pole and pipeline privileges \$7000, unchanged; interest on investments \$21,371, up \$12,001; and miscellaneous \$21, down \$9. Total income was \$673,358, down \$75,788.

\$265,000 Expenses
General and administrative expenses totaled \$134,258, up \$2416; operating expenses were \$93,000, up \$2442; maintenance cost \$8344, down \$2418; and publicity and traffic expenses \$27,897, down \$1913.

Total operating expenses were \$265,499, up \$857, while operating income was \$409,860, down \$76,515. Bond interest was \$19,472, down \$246.

The mayor read a letter of authorization to Illinois Power Co. for four new 400-lumen street lights to be installed near the high school at the northeast corner of Silex street and McCambridge avenue, the southwest corner of Silex and McNair avenue, the southeast corner of Fifth street and McNair, and the northeast corner of Fourth street and McNair. The installation had been approved by the council at a previous session.

The letter of authorization was prepared at the request of the power company and had inspected the locations and found them to be satisfactory.

Plan Street Improvement
The mayor announced that sealed proposals will be received at the office of the city clerk until 10 a.m. Friday, Sept. 28, for work to be done under the motor fuel tax law.

At that time, the bids will be opened publicly and read.

The proposed work consists of combination concrete curbs and gutters, necessary excavation, bituminous road mix surface and incidental work in the improvement of West Madison street and College street.

Readfirm Pollution Decision
The council adopted a resolution reaffirming its designation of the East Side Levee and Sanitary District as the agency to handle sewage treatment for the city of Madison.

In the resolution, the Madison officials urged other cities in the district to also join in a single program of pollution abatement, on the assumption that this would be cheapest if all participated. East St. Louis and Granite City, largest cities in the district, are developing city sewage treatment programs in the belief that their methods will be cheapest.

Citing an engineering study, the resolution supported the theory that a single, coordinated system formulated and administered by a central agency offers economy. Existence of present Levee District pumping stations and trunk sewer lines" also was cited as a potential economy factor.

Long Lake firemen and their wives met Sunday at the fire hall. Group pictures were taken and they worked on plans for their air show featuring the U. S. Navy's Blue Angels and Chautau Stars Sunday at 1:30 p.m. at Lakeside Airport, Route 111 near Horseshoe Lake.

Additional serial acts and group displays also will be featured. The Chautau Stars are the city's sky diving team, which jumps from 12,500 feet and is in free fall until opening the parachutes at about 2,000 feet.

Boy Scout Troop 23 met Tuesday night at the Long Lake fire hall with Benjie Pickler and Herb Polley. The boys played a game and discussed having the popcorn concession at the air show Sunday.

GC Steel Co. Workers Set High Safety Mark

Granite City Steel Co. employees recently worked 2,009,184 man hours without a disabling or lost-time injury. Safety Director L. C. Parker said yesterday.

Parker told members of the firm's joint labor-management safety committee this is the second time the 2,000,000 man hour mark has been passed.

He said the recent accident-free period ended when a millwright suffered a fractured left thumb while replacing a heavy roll in a conveyor.

Group insurance records indicate nearly four times as many employees suffer disabling injuries outside the plant as at work, Parker said.

Lone Quad-Cityan To Be Drafted Next Week

A lone Quad-Cityan is to report next Wednesday morning to the county selective service office at Edwardsville for armed forces induction. He represents the Quad-Cities quota for September. Earlier, on Sept. 5, five local men were reported for pre-induction physical examinations.

The area's quotas for next month are four men to report for induction and three for pre-draft physicals on Oct. 29.

Strict Compliance Of Revocation Law Planned By County

Circuit Court Clerk Willard Portell said this week his office will comply rigidly with a new Illinois law providing for revocation of driving privileges of anyone convicted of a felony in which a motor vehicle is used.

The legislation, passed by the state legislature last year, was the subject of a recent conference with the circuit judges and State's Attorney Dick H. Mudge.

He said Judge Harold R. Clark is drafting an order for use of the clerk in complying with the act.

The law makes it mandatory for the court clerk to report such conviction to the Illinois Secretary of State, Portell said.

The convicted person must surrender his driver's license to the clerk, who will forward it to the office for disposition.

The section of the Drivers License Act concerned states that a driver's license is to be revoked upon conviction of "any felony under the laws of the State of Illinois or Federal Government in the commission of which a motor vehicle is used."

'United We Sail—Divided We Sink'

United Fund Slogan Ok'd; Drive To Begin Oct. 12

"United We Sail—Divided We Sink" was announced Monday afternoon as the United Fund campaign slogan for the fund-raising drive that is about to get under way.

The slogan was announced by "Commander" Gordon Bowen, publicity and program chairman at a meeting of all "fleet" personnel called by "Admiral" John McBride. The campaign this year has been given a nautical theme and the leaders are designated by naval rank.

The slogan will be reproduced in quantity for use in window displays and other promotional activities.

Approximately 30 leaders attended the afternoon meeting, which was held at the Rose Bowl restaurant.

Plans were received for an opening rally to be held Friday, Oct. 12, at a location to be announced.

Join-Up Time

You hope you'll never be seriously sick or have an accident . . . but these things do happen every day to a lot of people. If you were hurt in an auto accident on the way to work . . . if someone in your family fell down stairs and broke a hip . . . where would you get the money to pay the bills?

Remember . . . Blue Cross and Blue Shield are the only plans sponsored by hospitals and doctors to help make it easy for you to pay your hospital and doctor bills.

Right now there are two ways you can join these two plans. First, if you work for one of the 16,000 firms in Illinois . . . which sponsor Blue Cross and Blue Shield . . . join where you work. Or if you're under 65 and in good health . . . you can join our Non-Group plan. If you're over 65 ask about the special Senior Citizen Plan. So if you don't have Blue Cross-Blue Shield . . . be sure to join before this special offer ends on October 10th. Go to your hospital today and ask for an application folder. Be sure to mail it before October 10th.

Alton Lakers, VFW In
Sunday Softball Contest

The Alton Lakers, regular season champions in the Twilight Girls' Softball league, will play the VFW Post 1380 men's team in an exhibition game Sunday at 3 p.m. in Wilson Park.

The clubs will use regular ASA fast pitch rules. Rev. Conway is scheduled to pitch for the Lakers, who were beaten by Collinsville's Rockettes in the Twilight playoffs, and Carroll Tinsley will hurl for the VFW.

Coach Al Lewis, whose Warriors surprised Assumption 25-12 in a home opener, did not single out a back or lineman for special recognition this week.

"I haven't made up my mind yet," he told the Press-Record. "We may pick out individual players, and we may not. If we do, the boys will select them."

The Tiger fresh pushed across one touchdown in the first quarter, two in the second and a final score in the fourth period. They converted each time.

The defensive linebacking of Paul Lusk, Jack Miller and Bob Clinton was the only portion of Madison's performance which drew favorable comment from Coach Bob Page. Madison's fresh play at Prather JHS next Thursday afternoon.

CLAUDE PICKS:

Several of the favored prep football teams in this area had their troubles last weekend, and so did Claude the Computer.

His pre-opening game prognostications came true in only eight of the 14 instances as Granite City, Belleville Cathedral, Hadley Tech, St. Louis U. High, CDC of Quincy and Vashon and Lincoln played to a 12-12 tie, and Claude had favored Vashon by a single point.

With the exception of East St. Louis (which Claude saw as a six-point favorite), all the schools in the southwestern conference opened with wins last week.

Claude picks six of them — Edwardsville excepted — to win again Friday or Saturday, but admits that the final score in the Granite City-Madison game Friday is strictly a guess. He says there is no way to compute the outcome when these schools meet.

Tough new '63 Chevrolet Trucks are here!

...THE ONES THAT WHIPPED THE BAJA RUN...TOUGHEST UNDER THE SUN... TO SHOW THE WORTH OF NEW ENGINES, FRAMES AND SUSPENSIONS!

Millions of years ago nature fashioned a proving ground for trucks that man can never duplicate. Today it is known as the Baja (bah' hah) California Peninsula, Mexico.

These pictures give you only a bare idea of the place. The road bears no resemblance to the modern highways on the Mexican mainland. It's fine for 140 miles below the U.S. border. Then the beating begins. Rocks and hard-baked ruts bang, punch, jab and jerk the trucks from stem to stern. Loose sand makes them struggle and strain. Dust chokes them. Heat roasts them. Rivers drench them.

The Baja Run took this Chevrolet caravan 17 days to go the 1,068 miles.

All the trucks performed magnificently. Not one was forced to drop out because of mechanical difficulty.

Trucks that can take this kind of beating can take on your toughest truck jobs. Come in now and see tough quality-built '63 Chevrolet trucks with all their new improvements.

QUALITY TRUCKS COST LESS

When you came to a river, you got wet. This Baja river bottom was covered with rocks the size of melons.

Tight squeeze for the conventional medium- and heavy-duty units. Their new narrower front ends certainly paid off here (7 inches thinner).

Temperatures as high as 122 degrees F. burned the land in the desert area around Dry Lake.

See the "New Reliabilities" now at your Chevrolet dealer's!

United Fund Health Service Aids Needy Quad-Cityans With Medical Problems

The Health Services fund is a
part of the Tri-Cities Area
United Fund from which money is
allocated to assist persons
with medical problems beyond
their financial resources.

In many instances, no funds
are available through local
agencies or national health or-
ganizations for the care of pa-
tients with heart, cancer, polio,
muscular dystrophy or other
medical problems. The United
Funds Health Services makes
funds available for such care
when the need arises.

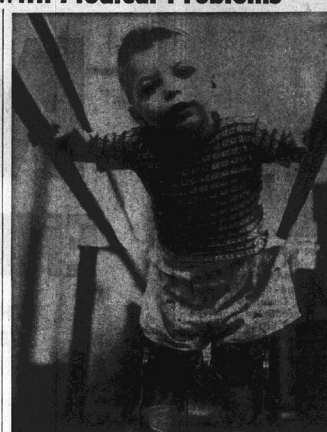

The Tri-Cities Area United
Fund initiated the Health Ser-
vices fund idea. U.F. originally
earmarked all locations for
national health agencies in
lieu of their holding sep-
arate campaigns.

Such money now is allotted to
the Health Services fund to pro-
vide care for people in this area
who are suffering from diseases
of the nature studied by the na-
tional health agencies as well as
those who have other medical
problems.

\$5576 Spent This Year
For 1962, \$7920 was allotted to
the Health Services fund. Of
this, \$5576 was spent through
Sept. 15 leaving a balance of
\$2344 to last the rest of the year.

The Social Planning Council
which administers the Health
Service fund is headed by Ar-
thur D. Roseman.
The United Fund for 1963 funds on
Oct. 12 has allotted \$8000 to the
Health Services fund for next
year's activities.

Expenditures so far this year
have been through six agencies
as follows:
Catholic Charities \$293 for
cancer patients; \$72 for heart
patients; \$41 for polio; \$9 for
mental illness; \$171 for multi-
ple sclerosis; \$149 for pulmo-
nary ailments; \$30 for blindness
and \$31 for general purposes.
Protestant welfare—\$533 for
cystic fibrosis; \$346 for gall
bladder; \$67 for heart; \$44 for
polio; \$35 for mental illness;
and \$350 for myasthenia gravis;
\$42 on general purposes.

**HEALTH SERVICES FUNDS pay medical bills for needy
polio victims and afford financial assistance to patients
with many other afflictions.**

**\$432 for aphasia; and \$11 for
general purposes.**
Jewish hospital \$1062 for
heart care.
Visiting Nurse Association
\$1817 on 91 visits to 13 cancer
patients.
American Red Cross \$10 for
mental illness.
Mental Health Association
\$171 for mental illness.
The six agencies spent \$210
on cancer; \$433 on cystic fibro-
sis; \$347 on gall bladder; \$1200
on heart; \$85 on polio; \$226 on
mental illness; \$350 on myas-
thenia gravis; \$171 on multiple
sclerosis; \$149 on pulmonary
diseases; \$30 on prevention of
blindness; \$432 on aphasia; and
\$350 on general purposes.

night's council session.

Alderman Donald Partney
asked the Street committee to
study the problems and confer
with the school principal for a
recommendation at the next
meeting.

He pointed out that there are
several points along Missouri
avenue and 25th street in the
vicinity of the annex without
sidewalks. "The children are
forced to walk through mud and
water in bad weather," Partney
said.

Alderman Samuel Whitmer
questioned the progress in a sur-

A. W. Pearson of the city en-
